It is our belief that a child care program should meet the needs – intellectual, physical, emotional, creative, and social of the individual child. We believe that children have their own rate of development and that our role is to support that unwritten timetable of individual growth. We respect that children need to make choices, develop skills and be as independent as they are capable of being.

STAFF BIOGRAPHY

Hi, my name is Sangeeta Rai and I feel very proud to be a part of such a wonderful organization. I have been working at Children's Choice for the past 9 years. Previously I have also worked at the YMCA and CCIS Daycare for six years. I am originally from India; I started my career as a music teacher back home. I moved to Canada with my family in 2003. I studied at Mount Royal University and have achieved my level 3 with an Alberta Advanced Qualification Certificate. I am also a mentor for students working toward a career in child care and love to assist them to reach their goals. I absolutely

love spending time with the children and taking care of them, I believe it is one of the noblest professions.

My husband is a business owner and we are blessed with two young children. My son Nikhil is a Mechanical Engineer and my daughter; Garima works at the Royal Bank and is happily married to her husband Navjot. The most important part of my life is my family. We love to take annual family trips. Last year in 2018 we took a family cruise to the Caribbean.

I am looking forward to more wonderful years with the staff, children and their families at Children's Choice.

Sangeeta
