- ◆ 15th - Aariz and Aaron
- ◆ 18th - Phoenix
- ◆ 30th - Verner

Welcome school year 2019-2020!

Summer 2019 is over, but it was full of happy memories as we went to visit a lot of places again this year. We only had one cancelled trip and one that was rescheduled because of the weather but it still went well.

A big welcome to everyone especially to our new children Caleb B, Austen, Dallas, Filip, Easton, Bentley E, Kelton and Heidi. Welcome once again to our hardworking staff; Charlotte, Rona and Jenna.

For the safety of your child, please notify us if he/she will be away. And, now that the weather is changing please send your children with appropriate clothes and shoes. We also ask the parents to bring indoor shoes and a set of extra clothes. Please label all your children's belongings.

Please keep all contact information up to date. We do this 2 times a year, but you are required to update when changes occur especially contact numbers.

Now that the school year has commenced we will be having our weekly meetings with the children to ask them what they want to do and start our curriculum planning from their interests. **Please check our board and calendar to see what is going on at Program.**

We believe that good rapport and communication between the staff and parents are beneficial for the children. We are looking forward to having another great and fun school year!
