Welcome 2021

Happy New Year from everyone at Children's Choice!! We are looking forward to an exciting year filled with fun and new learning adventures. Although COVID-19 is making life a little more challenging we will continue to make everyday enjoyable for the children. We certainly are experiencing winter to the fullest with all the snow so far and we know it is not over yet. So, to be prepared everyday for the snowy weather and for us to be able to enjoy being outside every day, please make sure your child has proper winter wear.

We would like to say Happy Birthday to all the children that have and will be celebrating their birthdays in December and January. We hope you have a nice birthday: .Olive, Lois, Evana, Mason & Conner

"Alone we can do so little, together we can do so much."

It is our belief that a childcare program should meet the needs – intellectual, physical, emotional, creative, and social of the individual child. We believe that children have their own rate of development and that our role is to support that unwritten timetable of individual growth. We respect

that children need to make choices, develop skills and be as independent as they are capable of being.

Thank you from everyone at Children's Choice

Our story

Once upon a time...

We asked ourselves a question, “What if every child had the opportunity to read with confidence and joy?”

We imagined a world where reading flourishes and every child has the literacy skills to learn something new, travel the world, and find inspiration, connection, and comfort – all within the pages of their favourite books. In 2001, we set out to turn that dream into a reality and we’ve been working hard to make that happen ever since.

Ours is a story of collaboration, with schools, educators and community partners who work with us to offer programs, events and resources that nurture a love of reading. Together, we are igniting a movement to strengthen literacy and give children a brighter future.

“We try to inspire reading in all kinds of places with all kinds of people in all kinds of ways.”
