Educator Spotlight:
Hanane Moufrad

My name is Hanane I'm a licensed child care educator.
I have been running my day home for 12 years.

Working with children is the most wonderful profession for me, where I can guide minds and help the little ones build up confidence and develop skills in early childhood.

I am certified Early Childhood Educator with CPR/ First Aid certificate and police clearance. Two years working for Montessori day care in Montreal and twelve years operating my licensed day home in Calgary. I speak three languages; French, Spanish and English.

I offer learning curriculum based on the kids' interest and development (fine motor skills, gross motor skills, social and emotional development and speech and language development).

Your little ones will have fun dancing, singing, open concept craft, reading, puzzles and so many other activities.
Outside planning activities is part of our day too, we walk to the park and playground.

I offer healthy meals and snacks based on Canada's food guide.
So excited to have your little ones join our day home family.
