Educators: Please record the earliest time that ANY registered child is in your care until the latest time that ANY registered child is in your care. This will be a record for how many hours you provide care for ALL registered children daily.

*If the educator provides care to only **school-aged children** during a calendar month, they will receive funding up to a maximum of 100 hours for September to June and up to 181 hours for July and August (which includes up to 8 hours of programming time).

*If the educator provides care to **pre-school** children only or a combination of pre-school and school-aged children during a calendar month, they will receive funding up to a maximum of 181 hours (which includes up to 8 hours of programming time).
